## Gallery Line

Deco Moulding Gallery Line Frame Moulding BG02, BG07-2, Point Moulding BG01-2, BG04-3, BG05-3 Interiorfilm PK102

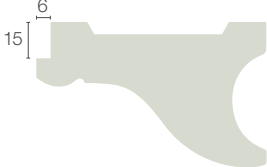

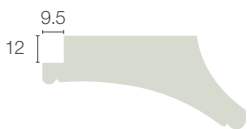

- Gallery Line Frame Moulding & Point Moulding are made with HNC's specialized designs and technology.
- Gallery Line Frame Mouldings are highly practical for decoration compared to existing Frame Mouldings.
- Frame Moulding G04, G06, G07 also comes with no grooves (-A) and can be used as Door Casing Mouldings.
- Please consult your local fire department when installing for fire precautions.

- The size marked on the product may be slightly different from the actual product.
- Images in this catalog are printed colors, and they may be different from the actual product color.
- HNC Deco Moulding designs are protected by Korean Intellectual Property Office, so illegal duplication is prohibited.

Frame Moulding BG08-2

- Frame Moulding G09, G10, G11 also comes with no grooves (-A) and can be used as Door Casing Mouldings.
- Due to the nature of the material, temperature change may shrink or expand the product. Use HNC Deco Moulding Exclusive Adhesive (Resin glue) to attach, and fix with tackers.
- When cutting the moulding, we recommend using resin saw blade, not regular saw blade.
- Before installing, please check that the product name, color, and size of the product that you ordered is correct.
- Product cannot be returned or exchanged if processed or installed.

# Gallery Line | Point Moulding

- Gallery Line Point Mouldings can be matched with Frame Mouldings to create a more beautiful and distinctive interior space.
- Point Mouldings G02, 03, 05, and 06 have grooves on the backside and can be used for material finish.
- G08 Mouldings can be used as a glass finish moulding.
- Please consult your local fire department when installing for fire precautions.
