HNC WALLPANEL

Eco-Friendly Paint

Style Wall Glossy Line is a product that can be more relieved by applying environment friendly paint with low odor to LPM.

Environmental label certification

LPM processing method is applied to environmentally friendly German importers with low heavy metal content.

High density HDF wall

Compared to concrete wall, screws can be easily put on, which is good for interior use.

Surface durability and abrasion resistance

Excellent surface durability and abrasion resistance. Strong scratches and maintenance is easy.
